

GETTING TO KNOW THE LANDSCAPE CHANGE PROGRAM WEB SITE

<http://uvm.edu/landscape>

1. How many images are in the archive _____?
2. How many image “scrapbooks” about floods are available for viewing on the “**Learn**” page _____
3. How many different web interfaces has the Landscape Change program used _____? (hint, visit the “**About**” page)
4. Type LS10118 into the Quick Search box in the header. You’ll see the image below. One by one, click on the icons surrounding the image to figure out what each does.

5. How many images in the archive contain the word “cows” somewhere in their metadata _____?
6. How many images have the word “cows” in their title _____?
7. Which county has the most images of cows _____?
8. Which town has the most images of cows _____?
9. How many postcards show cows in Chittenden County _____?
10. Consider the distribution of images with cows over time. Can you figure out which decade has the most images of cows _____?
